**Subject:** FW: SEPW TA Request on PFAS and TRI  
**Attachments:** CapitoTRIMFv4.docx; SEPW.Capito.TA.TRI.docx

PFAS TRI Team – I'm forwarding the TA that went to SEPW and Sen. Capito staff on PFAS and TRI. The TA states that we will provide an additional document with a list of chemicals. My understanding is that the program is doing a final quality check on the list and we expect to be able to send it to the requesters on Monday. Please let me know if any questions. Thanks,  
Sven

Michal, Travis and Justin,  
This responds to the TA request on PFAS and TRI. Please see attached response document that corresponds to questions raised in v4 (also attached for reference – we did not do RLSO). We are finalizing the requested lists of chemicals and will get that to you as soon as completed – I expect that Monday. Thanks for your patience and please let me know if any questions. Best,  
Sven

Attached is the next draft, which I tried to clean up by removing resolved comments and flags to reference materials and redlining new text. Thanks to you and the team for the call earlier – hoping this incorporates all the feedback and captures the open questions, but feel free to fix or add anything I messed up or missed.

Thanks again

Michal
